

SYNOPSIS.

CHAPTER I.—Captain Phineas P. Scraggs has grown up around the docks of San Francisco, and from a boy on a river steamer, risen to the ownership of the steamer Maggie. Since each annual inspection promised to be the last of the old weatherbeaten vessel, Scraggs naturally has some difficulty in securing a crew. When the story opens, Adelbert P. Gibney, likable but erratic, a man whom nobody but Scraggs would hire, is the skipper. Nellie Halvorsen, a Russian Swede, constitutes the forecastle hands, and Bart McGuffey, a wastrel of the Gibney type, reigns in the engine room.

CHAPTER II.—With this motley crew and his ancient vessel, Captain Scraggs is engaged in freighting garden truck from Holmwood bay to San Francisco. The inevitable happens, the Maggie goes ashore in a fog.

CHAPTER III.—A passing vessel halting the wreck, Mr. Gibney gets word to a towing company in San Francisco that the ship ashore is the Yankee Prince, with promise of a rich salvage. Two tugs succeed in pulling the Maggie into deep water, and she slips her tow lines and gets away in the fog.

CHAPTER IV.—Pursued at the deception practised on them, Captains Hicks and Gibney, commanding the two tugboats, ascertain the identity of the "Yankee Prince" and, fearing trouble should the facts become known along the waterfront, determine on personal vengeance. Their hostile visit to the Maggie results in Captain Scraggs promising to get a new boiler and make needed repairs to the steamer.

CHAPTER V.—Scraggs refuses to fulfill his promises and Gibney and McGuffey "strike." With Samson's luck, Scraggs ships a gale crew. At the end of a few days of wild squally weather, Gibney and McGuffey are stranded and seek their old positions on the Maggie. They are hostilely received, but remain. On their way to San Francisco, they sight a derelict and make needed repairs to the steamer.

CHAPTER VI.—The derelict proves to be the Chesapeake, richly laden, its entire crew stricken with scurvy. Scraggs attempts to tow her in, but the Maggie is unequal to the task and Gibney and McGuffey, alone, sail the ship to San Francisco, their salvage money amounting to \$1,000 apiece.

CHAPTER VII.—Independently rich, our two adventurers still have a kindly feeling for the Maggie, and his crew having departed, he and McGuffey induce them to return. At an "old home" sale the three purchase two mysterious boxes which they believe to contain smuggled "Oriental goods." They find, instead, two dead Chinamen.

CHAPTER VIII.

Had either Mr. Gibney or McGuffey been watching Captain Scraggs after he had left them they would have been much puzzled to account for that worthy's actions. First he dodged around the block into Drumm street, and then ran down Drumm to California, where he climbed aboard a cable car and rode up into Chinatown. Arriving at Dupont street he alighted and walked up that interesting thoroughfare until he came to No. 711. He glanced at a sign over the door and was aware that he stood before the entrance to the offices of the Chinese Six Companies, so he climbed upstairs and inquired for Gin Seng, who presently made his appearance.

Gin Seng, a very nice, fat Chinaman, arrayed in a flowing silk gown, begged, in pidgin English, to know in what manner he could be of service. "Hee hee big captain, allee same ship," began Captain Scraggs. "On board ship two China boys have got." (Here Captain Scraggs winked knowingly.) "China boy no speak English."

"That being the case," interposed Gin Seng, "I presume that you and I understand each other, so let's cut out the pidgin English. Do I understand that you are engaged in evading the immigration laws?"

"Exactly," Captain Scraggs managed to rasp, as soon as he could recover from his astonishment. "They showed me your name an' address, an' they won't leave the ship, where I got 'em locked up in my cabin, until you can an' take 'em away. Couple o' relatives of yours, I should imagine."

Gin Seng smiled his bland Chinese smile. He had frequent dealings with ship masters engaged in the dangerous, though lucrative, trade of smuggling Chinese into the United States, and while he had not received advice of this particular shipment, he decided to go with Captain Scraggs to Jackson street and see if he could not be of some use to his countrymen.

As Captain Scraggs and his Chinese companion approached the wharf the skipper glanced warily about. He had small fear that either Gibney or McGuffey would show up for an hour, for he knew that Mr. Gibney had money in his possession. However, he decided to take no chances, and scouted the vicinity thoroughly before venturing aboard the Maggie. These actions served, but to increase the respect of Gin Seng for the master of the Maggie and confirmed him in his belief that the Maggie was a smuggler.

Captain Scraggs took his visitor inside the little cabin, carefully locked and bolted the door, lifted the zinc flap back from the top of the crate of "Oriental goods" and displayed the face of the dead Chinaman. Also he pointed to the Chinese characters on the wooden lid of the crate.

"What does these hea scratches mean?" demanded Scraggs.

"This man is named Ah Ghow and he belongs to the Hop Sing tong."

"How about his pal here?"

"That man is evasive. Ng Chong Yip. He is also a Hop Sing man."

Captain Scraggs wrote down "all right," he said cheerily; "much obliged. Now, what I want to know

an' legal so's he won't have no come-back."

They had not long to wait. Upon his arrival at Gin Seng's place of business Captain Scraggs had been informed that Gin Seng had gone out twenty minutes before, and further inquiry revealed that he had departed in an express wagon. Consumed with misgivings of disaster, Scraggs returned to the Maggie as fast as the cable car and his legs could carry him. In the cabin he found Mr. Gibney and McGuffey playing cribbage. They laid down their hands as Scraggs entered.

Mr. Gibney began at once: "To show you what a funny world this is, while me an' Bart's settin' on deck waitin' for you to come back, along breezes a fat old Chinaman in an express wagon an' offers to buy them two cases of Oriental goods. He makes me an' Mac what we considers a fair offer. Lemme see, now," he continued, and got out a stub of lead pencil with which he commenced figuring on the white oilcloth table cover. "We paid twenty dollars for them two derelicts an' a dollar towage. That's twenty-one dollars, an' a third o' twenty-one is seven, an' seven dollars from twenty-five leaves eighteen dollars comin' to you. Here's your eighteen dollars, Scraggs, you lucky old vagabond—all clear profit on a neat day's work, no expense, no investment, no back-breakin' interest charges or overhead, an' sold out at your own figger."

Captain Scraggs' face was a study in conflicting emotions as he raked in the eighteen dollars. "Thanks, Gib," he said frigidly.

"Me an' Gib's goin' ashore for lunch at the Marigold cafe," McGuffey announced presently. In order to break the horrible silence that followed Scraggs' crushing defeat, "I'm willin' to spend some o' my profits on the deal an' blow you to a lunch with a small bottle o' Dago Red thrown in. How about it, Scraggs?"

"I'm on," Scraggs sought to throw off his gloom and appear sprightly. "What'd you peddle them two derelicts for, Gib?"

Mr. Gibney grinned broadly, but did not answer. In effect, his grin informed Scraggs that that was none of the latter's business—and Scraggs assimilated the hint. "Well, at any rate, Gib, whatever you soaked him, it was a mighty good sale an' I congratulate you. I think maybe I might ha' done a little better myself, but then it ain't every day a feller can turn an eighteen-dollar trick on a corpse."

"Comin' to lunch with us?" McGuffey demanded.

"Sure. Wait a minute till I run forward an' see if the lines is all fast." He stepped out of the cabin and presently Gibney and McGuffey were conscious of a rapid succession of thuds on the deck. Gibney winked at McGuffey.

"Neither new hat gone to h—l," murmured McGuffey.

(Continued next week)

This appears to be still an unsettled question in ornithology, and recently a scientific institution requested airmen engaged in meteorological exploration to observe the heights at which birds are found. At present it is believed that birds generally do not rise more than about 1,300 feet above the ground, although occasionally they attain an elevation of between 6,000 and 7,000 feet.
